Whittemore Park Revitalization Project Phase 1 – Tree Removal

Project Update #1

February 9, 2021

Dear Staff/Tenants/Neighbors/Visitors:

Construction work on Phase 1 of the Whittemore Park Revitalization Project will commence in spring of 2021. In preparation, three trees will be removed and their stumps ground over the course of the day on February 18th. The specific trees and their locations in the park are included in the site plan enclosed with this notification. We will provide additional details on the schedule from the General Contractor when we have them. For additional information about the park plan and update, visit: arlingtonma.gov/whittemorepark.

Should you have any questions about the project, please contact Ali Carter, the Department of Planning and Community Development at 781-316-3095.

Thank you,

Jennifer Raitt

Director of Planning and Community Development

Please note: the above schedule information is based on our expectations and is subject to change once the General Contractor has mobilized on site. The schedule may change due to weather, unforeseen conditions, or other causes. We will make our best efforts to inform the staff/tenants/neighbors/visitors of any significant change to the schedule.
